

Based in Neuchâtel Canton, Switzerland, we are a growing company with more than 50 employees, and operating several aircraft (Piston and TurboProp) under our EASA-FOCA SPO and AOC approvals. As one of the major aerial survey companies in Europe, we fly around various countries. Our services also include commercial passenger flights (scheduled vacation and on-request flights). We value the quality of our services and are proud of them. Reliability, safety, and professionalism are an integral part of our values. In order to strengthen our organization, we are currently recruiting a

Deputy Nominated Person Continuing Airworthiness (DNPCA)

The DNPCA will provide the Operator with maintenance expertise and be the interface between the Operator and the contracted Part-145 organizations. You will support and work with the NPCA in monitoring the maintenance status of company aircraft. In this fulfilling position, you will be assuming the role of NPCA in his absence.

YOUR MAIN RESPONSIBILITIES WILL INCLUDE

- ◆ Planning and follow-up of Line and Base Maintenance
- ◆ Work planning, issuing work orders, and follow-up
- ◆ Carrying out all maintenance activities in accordance with the Maintenance contract
- ◆ Technical follow-up, analysis of Aircraft Technical Log (AL)
- ◆ Verification of different data and aircraft release to service from contracted maintenance organizations.
- ◆ Verification of modifications and repairs to an approved standard.
- ◆ Airworthiness Directives embodiment and status.
- ◆ Monitoring and amending the CAME and submissions of the proposed amendments to FOCA.

PROFILE AND COMPETENCIES

- ◆ Good technical knowledge in the field of aviation and in continuous airworthiness management
- ◆ Good understanding of Quality Assurance and SMS including risk management process
- ◆ Team player, with the ability to work in multi-disciplinary environments and in close cooperation with a Part-145 counterpart
- ◆ High Integrity, confidentiality, and a clear criminal record
- ◆ Proficient in the application of EASA Part 21 regulations
- ◆ Sound ERP and MS office knowledge
- ◆ Proficiency in English, any other European language is an asset
- ◆ Excellent communication skills
- ◆ Solution-oriented and able to work independently
- ◆ Resilient, flexible with proactive and solution-minded orientation
- ◆ Based in Neuchatel canton or willing to relocate
- ◆ Swiss or European Citizen

WE OFFER

- ◆ An interesting challenge in a dynamic, ambitious, and progressing company
- ◆ Above standard salary level as well as excellent social conditions
- ◆ Work location: Colombier
