

Beechcraft King Air B200 Pilot

Based in Neuchâtel Canton, Switzerland, we are a growing company with more than 50 employees, and operating several aircraft (Piston and Turbo Prop) under our EASA-FOCA SPO approval. As one of the major aerial survey companies in Europe, we fly around various countries. We value the quality of our services and are proud of them. Reliability, safety and professionalism are an integral part of our values.

We are currently looking for an experienced and current BE20 type rated pilot in order to strengthen our organisation.

YOUR MAIN RESPONSIBILITIES WILL BE

- ◆ Act as pilot in command
- ◆ Act as Task Specialist
- ◆ Ensure flight preparation, including weather, NOTAMs, fuel & performance calculation, pre/post flight duties, coordination
- ◆ Aerial survey mission coordination
- ◆ Be part of different ad-hoc projects for company efficiency improvement

YOU BRING

- ◆ Valid EASA Part-FCL ATPL/frozen ATPL with IR
- ◆ Valid Class 1 Medical
- ◆ Valid and current type rating with recent experience
- ◆ TRI and/or TRE experience would be an asset
- ◆ English fluent
- ◆ Clean criminal record and debt collection register
- ◆ Swiss citizen or EU passport
- ◆ Willingness to integrate into a growing company established in Switzerland

WE OFFER

- ◆ A full-time unlimited contract
- ◆ A position with a certain autonomy
- ◆ Contemporary and competitive wages and social conditions
- ◆ A dynamic team
- ◆ A friendly and nice company culture
